

## Islamic Relief supported a total of 40,669 targeted population through WASH, Food Security & Livelihood, Cash Transfers, Health Intervention, Orphan & Child Welfare programme

### Humanitarian Highlight In Somalia

- Districts with the highest number (≥10) of food security and nutrition related risk factors (indicators) in Alarm Phase in September/October 2022 were: Beledweyne (Hiraan), Qoryoley (Lower Shabelle), Kismayo (Lower Juba), Baidoa (Bay), Mogadishu (Banadir), Jowhar (Middle Shabelle), Qansax Dhere (Bay), Beled Xaawo (Gedo), Xudur (Bakool), Diinsor (Bay) and Garowe (Nugal). These are mostly driven by abnormally high water and food prices, low livestock-to-cereal and wage labor-to cereal terms of trade, high cost of minimum expenditure basket, a typically high admission of acutely malnourished children for treatment, measles outbreak, continued insecurity and population displacement.
- Rains have been received in most parts of the Northern region, Puntland and little down pour in southern Somalia, some areas of central parts are still in dry spel.
- Islamic Relief somalia is on the ground delivering cash transfers and water trucking in most affected areas by the biting droughts.

### IN SUMMARY

### FOOD SECURITY AND LIVELIHOOD

- IRS in collaboration with Ministry of Agriculture conducted dry land agriculture training for 100 farmers in Puntland.

## STAFF CORNER

Name: Ahmed Moumin Hussein  
Position: MEAL Officer  
Department: Programmes  
Base location: Garowe, Somalia  
IRW family since: 22.09.2021

### Ahmed Moumin Hussein is a MEAL Officer in Islamic Relief based in Garowe office, Puntland

I began working for Islamic Relief Somalia on September 22<sup>nd</sup> 2021, as MEAL assistant in Garowe. Within a year, I was promoted to the rank of MEAL officer. I am an enthusiastic monitoring and evaluation professional with a master's degree in development economics and more than six years of extensive and technical experience in M&E and research. I had worked with both INGOs and NGOs where I gained enough experience to help me carry out day-to-day tasks effectively.

I see an opportunity to join and contribute to a dynamic, forward-thinking, and faith-based humanitarian organization where I can grow both professionally and personally. My goals and areas of interest align with the IRS Mission and Vision. Finally, the highly sophisticated colleagues and the excellent leadership in IRS greatly inspired me.

My passion is to help poor and disaster-affected communities, rebuild their resilience treat people with respect and dignity.

As a humanitarian staff in the office, I plan my work based on the priority of tasks at my table and equally delegate/ assign with my co-workers to meet deadlines and for work efficiency in order to adjust within the working hours. Within the office, we maintain a code of conduct and brief ourselves on safeguarding issues before going to the field and meet beneficiaries. The work begins at 8:00 am and ends at 5:00 pm.

Thank you

Training of water management committees in Burtinle Puntland, Somalia
