OUR HERO for November 2022 Yarow Hassan from Marerey village Afgoye, Somalia

“ We always rely on well-wishers including Islamic Relief and this is what we were expecting ”

Islamic Relief Somalia's SMILE Project supported the most vulnerable farmers in Marerey village

Strengthening Last Miles through Innovative Livelihood Enterprise (SMILE Project) is intended to improve the livelihood of the community in Lower Shabelle region through provision of agricultural inputs.

This project is mainly to expand the productive capability of the farmers living in the villages of; Sabiid, Anole, Marerey and neighboring areas of the region.

A number of vulnerable farmers were allocated to benefit it, exactly those of the weakest and bread winners of their households.

Among the beneficiaries to benefit this project was, Yarow Hassan Haji, who is 55 years old father of 8 children, 6 boys and 2 girls.

He is a farmer who lives in Marerey village near Afgoye town and one of the low-income people those struggle with the day-to-day life of their relatives.

Yarow was so happy to receive seeds and land ploughing from Islamic Relief as his farm was not cultivated since years. He could not have enough money to get seeds, irrigation costs and land ploughing.

He used to raise papaya, onions, tomatoes, salads, lemons, water melon, maize and other kinds of yields to vend at Afgoye market. Now, he is so content and back to the farm again to re-start harvests as he gets support from Islamic Relief Somalia.

“We are so happy to receive this support” “We really thank to the donor and Islamic Relief Somalia for the wonderful aid assistance” Said Yarow.

“We always rely on well-wishers like Islamic Relief and this is what we were expecting to receive, so thank you and may Allah bless you” Said Yarow.
